

Flexline X-Compact: Maximum Flexibility, Minimum Effort

Meet the **Flexline X-Compact Hose** – engineered for ultimate flexibility and effortless installation in even the tightest spaces. Designed to perform under pressure, it adapts to your needs with ease.

Key Features:

Up to 40% Lower Bending Force

Easier installation and improved maneuverability in compact systems.

Compact Design with Reduced Bending Radius

Up to 50% smaller radius vs. SAE 100 R13/R15 – ideal for tight spaces.

Lightweight Construction

Up to 40% weight reduction for easier handling and routing.

Enhanced Durability

Upgraded inner liner for longer life at high operating temperatures.

Size Range

Available in DN10 – DN31 to suit a wide range of applications.

Cover Options

Choose from MSHA, SemperRock, or SemperShield for added protection.

**Ready to upgrade your hydraulic systems?
Choose Semperit Flexline X-Compact for unmatched flexibility,
durability, and performance.**
